## Performance Report

### Performance Overview

The purpose of this Overview is to give a short summary, with sufficient information to provide an understanding of Dumfries and Galloway College, its purpose, key risks facing the College in achieving its objectives, and how the College has performed over the period to July 2018.

### Principal's Statement on Performance

Dumfries and Galloway College aspires to be an 'outstanding college', and aims to deliver the highest quality learning for our students, to make a positive contribution to the local and national priorities, and to utilise the expertise of our staff to deliver continuous improvements. Improving attainment will be a key priority, particularly in curriculum areas with low performance indicators.

During 2017-18 the College has continued to make good progress towards its vision and aspirations, which are set out in its five-year strategic plan, Vision 2020.

The College achieved its target for student numbers during 2017-18, with 30,696 credits achieved against a target of 30,371, which represents an over-delivery of 1%. The College was unable to meet the target of 268 credits for Childcare, and plans are in place to increase numbers during 2018-19 in line with Scottish Funding Council targets. Overall retention figures for 2017-18 remain low, and further work is taking place to analyse the data available, identify specific issues, and develop a strategy for improvement. The new Curriculum Management structure is now in place, and closer monitoring of each course by the Curriculum Managers should help to improve overall retention and attainment rates.

The financial out-turn for 2017-18 shows an overall operating deficit, which includes non-cash adjustments for pension valuation and expenditure from the allocation of 'Fixed Cash Budget for Priorities' as explained in the Performance Analysis pages. The underlying position shows an underlying small deficit, which reflects the difficulty in maintaining a break-even position each year within the budget constraints for the Scottish College Sector. Actions are being implemented to help ensure targets are achieved in 2018-19.

The College completed its annual Self Evaluation and Enhancement Plan 'How Good is Our College' in September 2018, which has recently been updated, and takes into account all aspects of the College. The Scottish Funding Council and Education Scotland have formally endorsed that the enhancement plan is well informed by and linked appropriately to the findings of the evaluative report, communicates clearly the plans to address areas of provision and services which require improvement, and identifies what the College aims to achieve and by when. An Enhancement Plan has been agreed, which will be monitored throughout 2018-19 and will inform developments and priorities.

The support management restructure which took place during the year is now completed, and with the exception of one or two posts, we were able to appoint internal candidates. This is all part of growing and recognising our own talent and will be supported by a robust management development programme. We will monitor the effectiveness of the new structure as we go through the coming year to make any adjustments as necessary.

The College was successful in a joint funding bid to the South of Scotland Economic Partnership (SoSEP) with Borders College to develop a South of Scotland Learning and Skills Network, which will require a fundamental shift in how we use technology to teach and to provide other services. A digital skills strategy will highlight our key aims and ambitions, and a staff development programme will support staff to develop their skills.

### Purpose and Activities of Dumfries and Galloway College

The Board of Management of Dumfries and Galloway College was established under The Further and Higher Education (Scotland) Act 1992 for the purpose of conducting Dumfries and Galloway College. The College is a registered charity (Scottish Charity Number SC021189) for the purposes of the Charities and Trustee Investment (Scotland) Act 2005, and is exempt from corporation tax and capital gains tax. The College receives no similar exemption in respect of Value Added Tax.

Dumfries and Galloway College is a single college in a single region. Dumfries and Galloway Council is the sole Local Authority for the region. The College is the only general further education college in the region and potential learners and employers are dependent on it to deliver a curriculum which meets their needs. The College delivers further and higher education across a broad range of curriculum areas from access level to SCQF level 8, to approximately 1,600 full-time and 4,800 part-time learners through its campus locations in Dumfries and 75 miles away in Stranraer.

Dumfries and Galloway College is located in the beautiful South West of Scotland. It is 77 miles from Glasgow and 79 miles from Edinburgh to the town of Dumfries, where the College's main campus is located. In particular, the Crichton Campus brings the choice of university learning to a region that in the past people have had to leave to attend university. A smaller campus is located in Stranraer in the west of the region, 75 miles from Dumfries and offers a range of full and part-time programmes.

Due to the characteristics of the Region, the College will remain financially challenged. In particular, the need to duplicate a wide range of curriculum and services in Stranraer affects both financially and course viability. Small learner numbers and demand makes it difficult to sustain some provision and some courses require to be structured differently than those in Dumfries, for example by combining different levels of learner or using mixed delivery methods - for existing and new provision.

The College's approach to learning is a reflection of the rural locality, the local economy and the changing patterns of lifestyles. As a major employer and a dynamic rural learning institution, the 'digital' revolution has been strongly embraced by us and its many forms are fast becoming the basis for the College's operations and delivery.

Although the College has two campuses and many learning partnerships across the region, we are a College without walls - creating flexible learning opportunities to suit everyone. This means learning opportunities are varied and abundant - from full time courses to flexible, part time courses, learning in College and at home, work or elsewhere. The range of learning includes basic skill development to degree level, including articulation links with Universities.

Our Strategic Plan, Vision 2020, sits alongside the College's Regional Outcome Agreement which sets out how we will meet the Scottish Government's expectations and deliver value for money for the public investment we receive.

The Scottish Government's post-16 education reform policies are to improve life chances; support jobs and growth; and ensure sustainable post-16 education, and the intention of developing a world-class vocational educational system. The Scottish Funding Council's strategic aims of High Quality Learning and Teaching - identifies four priority outcomes which are supported by the College's strategic plan.

### Strategic Outcomes

The College Strategic Outcomes are:

*We will provide opportunities to access and progress through education and training at all levels;*

*We will deliver education and training that is a route to employment and career development and is aligned to local and national economic need;*

*We will be the first choice for recruitment, training and development of the workforce;*

*We will enable communities to grow and develop through local education and training;*

*We will support more businesses to start-up, grow and diversify;*

*We will enable people to build their independence and confidence in a supported environment.*

## Performance Report (continued)

### Strategic Outcomes (continued)

We are progressing towards our vision, but it is also essential that we are able to demonstrate its relevance and contribution to the achievement of both Scottish Government and Scottish Funding Council priorities. We are committed to regularly monitor progress towards delivery of the strategic outcomes. From 2018-19 the College will implement the new SFC and Education Scotland quality arrangements, which integrates quality arrangements evaluation with outcome agreement evaluation and reporting. A self-evaluative report 'How Good is Our College?' was produced for the first time in 2016-17 and will be repeated in the coming years. Internal processes, including Student Evaluation, will continue to be improved over the coming year to enable the College to meet the requirements of 'How Good is Our College?'.

### Key issues and risks affecting Dumfries and Galloway College

The College has an established Risk Management Policy and Risk Assessment Procedure, in order to provide a systematic way of identifying, recording, monitoring and reporting risks to ensure the College is able to meet its objectives. The Risk Management Policy outlines the approach to risk management and defines the key principles, processes and responsibilities for the management of risk across the College.

Risk Management is an integral part of the overall governance arrangements of the College, and as such there are specific responsibilities for people and groups undertaking different roles in the organisation. The Board of Management determines the risk appetite for the College, and considers reports on the operation of Risk Management arrangements through the work of the Audit Committee, The Principal, reporting by auditors and annual accounts. The Audit Committee consider the corporate Risk Register at each committee meeting, as well as any internal and external audit reports involving risk and risk management.

The Executive Management Team has day to day responsibility for the management of the system of internal control including risk management, and the member of the Executive Management Team responsible for planning maintains the College Risk Register, which is updated and considered regularly by the Executive Management Team as well as the Audit Committee. The likelihood and impact of each risk is scored together with mitigating actions, in order to identify the residual risks which require to be monitored on an ongoing basis.

The following risks from the College Risk Register have been identified as key risks:

- **Failure to achieve institutional sustainability** - The changes in funding methodology, public sector funding cuts, and the reclassification of the Scottish College sector as public bodies from 1 April 2014 have all impacted on the College's financial sustainability. Regular monitoring of budgets, review of financial strategies and effective budgetary control will minimise the impact on learners and staff.

- **Pay pressures** - there is a risk that salary and cost implications of changes to conditions of service will outstrip the College's ability to fund those costs. The College will continue to work with the Employers' Association to influence negotiations, and model pay costs going forward.

- **Maintaining positive relations with staff** - the risk of industrial action has increased, and the College management will take mitigating action where possible to adhere to good practice, effective communication with Trade Unions and staff, and maintain open communications with staff.

- **Meeting deadlines for the College's SoSEP project** - the project aim of establishing a Hub and Spoke project for Engineering, Construction and Care by August 2019 will require robust governance, project planning and close working with Borders College.

## Performance Report (continued)

### Performance Summary

The reported Key Performance Indicators show a reduction in overall student achievement for 2017-18, but further analysis of the statistics indicates that a number of learners have left due to either progressing to employment or another educational programme. Despite this, overall activity targets were exceeded, with 30,696 credits delivered against a target of 30,335. As a result of timing issues at the year-end, the underlying operating position, excluding pension valuation adjustments and planned expenditure from depreciation cash, was a deficit of £74,000.

### Student Numbers

During academic year 2017-18, the College delivered 30,696 credits against a target of 30,335 (2016-17 30,338 delivered against the target of 30,371). Total numbers for student enrolments increased from 6,827 in 2016-17 to 6,951, an increase of 1.8%. Within these overall numbers full-time student numbers decreased to 1,540 from 1,560, which represents an increase of 43 full time FE students but a decrease of 63 full time HE students. Total numbers for part-time students increased marginally to 5,287. Part-time HE students decreased by 302 to 341, and FE numbers increased by 446 during 2017-18.

### Student Achievements

The overall numbers of full-time students successfully completing their programme of study in 2017-18 was 62%, which decreased from 65% in 2016-17. The split between full-time Further Education and Higher Education student achievements was FE - 60% and HE - 69% (2016-17 - 62% and 71%).

Successful completion for part-time students decreased from 57% to 53% for FE students and HE students increased from 36% to 46%.

As noted above, further analysis of the Key Performance Indicators has provided further insight into reasons why some learners have left their course of study early. In 2017-18, 15% of early leavers left due to either obtaining a job, progressing to a programme at another educational establishment, or progressing onto another college programme. Under current reporting arrangements, these are considered to be a failure of the College.

The College has identified a number of key actions to be taken with the aim of improving learner retention and achievement during 2018-19:

- we have introduced a new structure, and developed in-house tools to support staff in analysing data and allow targeted support for students at risk of leaving early;
- we will balance the challenges of increasing access to FE and HE with the support required for students who have barriers to learning - including transport within the region and financial problems;
- we will look at innovative ways to support students who are in financial difficulties, including offering a 'breakfast club' as well as a review of learner support policies and procedures to provide information and support to students on accessing funding;
- appointment of Guidance Coaches to provide help to learners with anything that may impact attendance and ability to stay on their course, including financial, personal issues, travel, or health and wellbeing;
- we are reviewing the format for the pre-enrolment Information and Advice sessions following self-evaluation and feedback from learners.

### Quality Assurance and Enhancement

The College has evaluated what is working well and what needs to improve, through the use of Education Scotland's 'How Good is Our College?' framework. The evaluative report and enhancement plan was endorsed by Education Scotland and SFC in January 2018, identifies clearly what is working well, and what needs to improve. A number of actions have been set out in the Enhancement Plan, which will be monitored throughout 2018-19.

### Curriculum Developments

The College's curriculum is increasingly shaped by employer involvement and further engagement of employers and industry boards in the design and support of the delivery of courses is a key objective of all curriculum areas.

The College continues to map its curriculum to key industries and learner need across both campuses.

## Performance Report (continued)

The College has introduced an overarching Equality and Diversity Framework, which is underpinned by a number of updated and streamlined policies and plans including an Annual Equality and Diversity Plan.

Simplified systems are being piloted to evidence the inclusion of equality and diversity across the curriculum, and a range of training package options are available on demand to address emergent issues.

The College continues to examine the “learner journey” in full, from the transition from school into FE or HE and further academic progression, whilst taking into account the desires and needs of the people within our region.

The College has now developed a Work Experience/Placement Action Plan. It is the College aim that all provision comprises of significant, relevant work related learning, work placement and work experience. The local National Health Service (NHS), Dumfries and Galloway Council (DGC) and care providers offers approximately 180 placement opportunities to College students per year.

With a few exceptions, the nature of the businesses in Dumfries and Galloway do not have a particular demand for high-level STEM qualifications. Where there are, the College is active in working partnership with industry to deliver the qualifications they require eg in renewable industries. However, many of the businesses are not fully utilising or exploiting digital technologies because of a lack of awareness or basic digital skills. It is important to recognise the relative importance of this in considering the contribution of the College.

Dumfries and Galloway College is a key partner in delivering Modern Apprenticeships in the South of Scotland as the major providers of off the job training as well as contracting in their own right. Delivering Foundation Apprenticeships programme is difficult with insufficient funding to run programmes with small cohort, but the College continues to increase the number of Foundation Apprenticeship pathways. In 2017-18, we have offered a foundation apprenticeship pathway in Engineering.

### Future Developments

Dumfries and Galloway College aspires to be an 'outstanding college', and aims to deliver the highest quality learning for our students, to make a positive contribution to the local and national priorities, and to utilise the expertise of our staff to deliver continuous improvements. Improving attainment will be a key priority, particularly in curriculum areas with low performance indicators.

We have introduced a new structure, and have developed in house tools to support staff to analyse data which in turn will allow more targeted support for students who may be at risk of leaving early. We will balance the challenge of increasing access to FE and HE with the support required to give to support students who have barriers to learning.

Dumfries and Galloway College, in a joint bid with Borders College, has been successful in being awarded funding from the South Of Scotland Economic Partnership (SoSEP) to develop STEM Hubs across the south of Scotland. The key aim of the project is to establish a digital learning network by creating a digital and physical hub and spoke system which will address the immediate skills gaps identified in the region in key sectors - Energy, Engineering, Construction and Care. Dumfries and Galloway College will establish a STEM Care Hub and a STEM Renewable Energy/ Engineering Hub in Dumfries, and a mini-STEM Hub for Engineering in Stranraer. The learning centres will be digitally connected with each other, and also with the Hubs being developed by Borders College. In addition, pilot spokes will be developed in schools.

The impact of this network will be monitored through the College's Regional Outcome Agreement, and the aims of the project includes:

- delivery of high quality, digitally connected learning centres as noted above;
- delivery of pilot digital Spokes, connected to the Hubs, and to each other;
- increased numbers of employers upskilling employees through the STEM Hubs and Spokes within the South of Scotland Region;
- increased numbers of students studying STEM related courses in the College;
- increased numbers of students achieving recognised qualifications on courses related to STEM Hub activity;
- increased number and quality of work placement opportunities for students on activities related to STEM Hubs;
- a wider curriculum and vocational qualifications being delivered by the College;
- increased volume and proportion of Credits being delivered at HE level to learners;
- increased number of qualifying learners in positive destinations after completing their programme.

## Performance Report (continued)

### Future Developments (continued)

The College will continue to widen access to education for a range of society that have historically had difficulties in accessing FE and HE this includes care experienced students, people who have caring responsibilities, those from postcode areas with high levels of deprivation and people who are disabled. The College's Access and Inclusion Strategy gives the details how the college will achieve this, and the success of the initiatives will be monitored.

We will continue the work we have started, with our "Passport to College" course, which will build skills and confidence of students ensuring they are better equipped for all the challenges of College.

Priority outputs to be delivered in 2018-19 are:

- achieving the activity target of 30,176 credits;
- improvement in student retention and attainment;
- an increase in the numbers of students entering positive destinations; and
- a curriculum which reflects the skills requirements and meets the needs of the region.

We are progressing towards achieving our vision, but it is also essential that we are able to demonstrate its relevance and contribution to the achievement of both Scottish Government and the Scottish Funding Council priorities. We are committed to regularly monitoring progress towards the delivery of the outcomes set out in this agreement. From 2018-19 the College will implement the new SFC and Education Scotland quality arrangements, which integrates quality arrangements evaluation with outcome agreement evaluation and reporting.

## Performance Analysis

### Financial Objectives

The College's financial objectives following reclassification are:

- To operate a balance between operating income and expenditure, and achieve a break-even position;
- To manage the College's annual budget in line with the requirements of the Scottish Public Finance Manual, HM Treasury's Consolidated Budget Guidance and balance the budget in Resource and cash terms each year;
- To maintain cash balances throughout the year at a level that is compatible with the efficient operation of the College.

The College requires to manage its income and expenditure against Scottish Government budget control limits, and maintain broadly the same level of working capital year on year.

The College has been able to utilise £211,000 of grant funding from the Scottish Colleges Foundation to fund the purchase of engineering equipment. Some further developments are planned for 2018/-19 which have been successful in obtaining a grant offer to meet those costs.

### How we measure performance

The College Outcome Agreement with the Scottish Funding Council (SFC) sets out what the College plans to deliver in return for funding. The Outcome Agreement reflects the College's commitment to responding to the educational and skills needs within the Dumfries and Galloway Region. The College Strategic Outcomes set out in the 2017-18 SFC Outcome Agreement supports the Scottish Funding Council's four priority outcomes:

1. A more equal society because learning is accessible and diverse, attracting and providing more equal opportunities for people of all ages, and from all communities and backgrounds.
2. An outstanding system of learning where all students are progressing successfully and benefitting from a world-class learning experience, in the hands of expert learners delivered in modern facilities:
3. A more successful economy and society with well prepared and skilled students progressing into jobs with the ability, ideas and ambition to make a difference;
4. High performing institutions - a coherent system of high performing sustainable institutions with modern, transparent and accountable governance arrangements.

The College's Priority Outcomes for 2017-18, which are aligned to the support SFC's outcomes above, were:

- to contribute to reduction in youth unemployment and improving life chances:
- to ensure provision is effectively delivered, accessible and meets national, regional and local employer needs;
- to support learners to complete their study and achieve successful outcomes.

## Performance Report (continued)

### How we measure performance (continued)

Priority Outputs to be delivered in 2017-18 were:

- Achievement of Activity target of 30,336 credits;
- Improvement in student retention and attainment;
- An increase in the number of students entering positive destinations;
- An increase in non-SFC income as a percentage of total income.

The College Board of Management and Committees regularly measure and monitor progress towards delivery of the targets set out in the outcome agreement through regular reporting of Key Performance Indicators. Target and actual performance is measured throughout the year, and actions agreed, with the objective of achieving targets by the end of the academic year.

The College also produces an annual outcome agreement self evaluation report.

A 'Key Indicator Report' is reviewed at each meeting of the Board of Management as a measure of actual performance against target. The following areas are included within the report:

- Activity/ Credits
- Enrolments
- Retention (both early and further)
- Student Outcomes
- Income and expenditure

The Learning & Teaching Committee of the Board also monitors academic performance, including retention, progression and outcomes, including sector comparators. In addition the Human Resources Committee of the Board monitors staffing.

Education Scotland carries out periodic reviews of Scottish Colleges on behalf of the Scottish Funding Council with the aim of providing assurance on the quality of Scottish Education and promote improvement and innovation to enhance learners' experiences.

The College is committed to implementing the new SFC and Education Scotland quality arrangements 'How good is your College?'. This new approach integrates quality arrangements with outcome agreement evaluation and reporting. The College produced an evaluation report and enhancement plan in October 2018.

Comprehensive systems are in place to review and enhance curriculum quality, planning, retention and outcomes. These systems include self evaluation by teams, as well as a number of management reporting tools which provide information in various formats to enable staff to monitor key areas across the curriculum, including admissions, enrolments, credits, and other performance indicators for specific courses, faculties and across the whole College.

### Development and performance during the year

The Key Performance Indicators highlight that, although the College has exceeded overall credits target, the figures for student retention and outcomes have decreased from 2016-17 levels. Analysis of the overall figures provides further insight into reasons why some learners have left their course of study early - including 15% of early leavers due to obtaining a job, progressing to a programme at another educational establishment, or progressing onto another college programme. Under current reporting arrangements, these are considered to be a failure of the College.

In common with all colleges, Dumfries and Galloway College is adversely affected by the classification of students who have left mid-course for employment, as they are considered to have failed to complete. This is particularly common where students are placed on work experience with potential employers, or who leave to progress onto a Modern Apprenticeship - we believe it is more accurate to identify these as transfers into positive destinations.

**Performance Report (continued)****Development and performance during the year (continued)**

Education Scotland carried out an independent review of the quality of provision in Dumfries and Galloway College in February 2016, and reported their findings in April 2016. The report issued by HM Inspectors concludes that 'Dumfries and Galloway College has in place effective arrangements to maintain and enhance the quality of its provision and outcomes for learners and other stakeholders. This judgement means that, in relation to quality assurance and enhancement, the college is led well, has sufficiently robust arrangements to address any identified minor weaknesses, and is likely to continue to improve the quality of its services for learners and other stakeholders'.

The Scottish Funding Council measure the volume of activity in credits - One credit is equivalent to 40 hours of learning.

**Performance Report (continued)****Financial Out-turn for the period**

The College operating results are for a twelve month accounting period, from 1 August 2017 to 31 July 2018. The results for the period show an operating deficit of £1,068,000, which includes non-cash depreciation costs, net of deferred grant release, of £443,000 as well as a net charge of £762,000 included in the Statement of Comprehensive Income to reflect the pension valuation changes for the Local Government Pension Scheme and unfunded pension provisions at 31 July 2018, in accordance with the technical accounting requirements as detailed at Note 10.

The Central Government budgeting rules will require the College to continue to administer its budgets in compliance with the Government Financial Reporting Manual, and aim to meet the Resource Department Expenditure Limits for budget reporting purposes.

The College Balance Sheet at 31 July 2018 shows net current liabilities of £901,000. Included in creditors are deferred capital grants of £757,000 and unspent student support funds of £183,000.

**Spend of Cash Budget for Priorities**

Following their reclassification as central government bodies from 1 April 2014, colleges are now also required to comply with Central Government budgeting rules. In addressing the impact of these budgeting rules, Scottish Government and SFC committed to providing the cash budget previously earmarked for depreciation to use on specified priorities.

Colleges have now each been given a fixed cash budget for priorities which must be spent on agreed government priorities as outlined in the table below. Spend of the College's cash budget for priorities, and the impact on the operating position for the academic year, is detailed below.

**Table of cash budget for priorities spend:**

	<b>2017-18</b>	2016-17

**Adjusted operating position**

The Statement of Comprehensive Income presents the financial performance during the year in accordance with the Statement of Recommended Accounting Practice (SORP) 2015: 'Accounting in Further and Higher Education' (The FE/ HE SORP) and Financial Reporting Standards FRS 102. The adjusted operating position is intended to reflect the financial performance of the College after allowing for non-cash adjustments and other material one-off or distorting items required by the SORP. The adjusted operating position is therefore designed to smooth any volatility in reported results arising from FRS 102 and also to recognise that some of the reported costs do not have an immediate cash impact on the College. This should give a better indication of the College's operational cash generative capacity.

**Performance Report (continued)****Review of Resource outturn for the year ended 31 March 2018**

Following the reclassification of colleges as public bodies on 1 April 2014, the College has been required to comply with government accounting and budgeting rules on a financial year basis (i.e. to the end of March). The College is given a revenue resource budget (RDEL) and a capital resource budget (CDEL) and must account for this budget on a financial year basis. The resource budgets and final outturn for the 2017-18 budgeting period are outlined below:

	<b>RDEL</b>	<b>CDEL</b>
	<b>£000</b>	<b>£000</b>
Resource budget for year ended 31 March 2018	10,969	10,846
Expenditure against resource budget	11,036	11098
Net underspend/ (overspend) against budget	<u>(67)</u>	<u>(252)</u>

The outturn reflects the clawback of unspent student support funding during 2017-18 which related to the period August 2016 to March 2017.

In addition, the College received a non-cash budget from the Scottish Government to cover depreciation costs.

**Payment Practice Code**

The College has implemented the 'Better Payment Practice Code'. As such, we aim to pay suppliers within the agreed credit terms and deal with all disputes and complaints as quickly as possible. The proportion of year-end creditors to the aggregate invoiced amounts during the academic year was 1.44% (2016-17 - 1.6%). The College did not pay any interest on late payments as defined under the Late Payment of Commercial Debts (Interest) Act 1998.

**Taxation Status**

The College has been entered into the Scottish Charity Register (Reference SC021189) and is entitled, in accordance with section 13(1) of the Charities and Trustee Investment (Scotland) Act 2005, to refer to itself as a Charity registered in Scotland. The College is recognised by HM Revenue & Customs as a charity for the purposes of Section 505, Income and Corporation Taxes Act 1988 and is exempt from corporation tax on its charitable activities. The College receives no similar exemption in respect of Value Added Tax.

## Performance Report (continued)

### Environmental Considerations and Sustainability Reporting

Dumfries and Galloway College is committed to improving environmental performance, raising the profile of sustainability education and reducing its impact upon contributing to climate change. The staff, students, campus partners and wider community have the right to expect, that the College as a responsible institution, acts positively to promote behaviour change and reduce the impact upon the environment.

The College has developed a comprehensive 5 year Climate Change Action Plan (CCAP) to achieve reduced emissions. The Climate Change Action Plan 2015-2020 emphasises the College's commitment to reducing carbon dioxide emissions over the short to medium term, and illustrates how savings will be made through efficiencies and improved use of resources in addition to helping meet the wider objectives of the Climate Change (Scotland) Act 2009. The College has set a target to reduce carbon emissions by 20% by 31 December 2019 from the 2014 baseline data measurements. An update to the College Finance and General Purposes Committee in February 2018 noted an overall increase in emissions for the reporting period to 2016 due to the first full year of operations for the College training kitchen and restaurant. However the increase was minimal due to the efficiency measures which have already been introduced. The College is still on target to meet the 20% reduction in greenhouse gas emissions by the end of the CCAP period, which is the end of 2019.

A copy of our Carbon Management Plan 2015-20 which provides detailed information in respect of our works towards facilitating greater sustainability can be accessed using the following web link:

[https://www.dumgal.ac.uk/dumgalcontent/uploads/2016/03/Climate\\_Change\\_Action\\_Plan\\_Dec2015.pdf](https://www.dumgal.ac.uk/dumgalcontent/uploads/2016/03/Climate_Change_Action_Plan_Dec2015.pdf)

The College confirms that it complies with Scottish Government sustainability reporting in line with the requirements of the Climate Change (Scotland) Act 2009.

### Social Matters

#### Respect for Human Rights

Our new Equality and Diversity Impact Assessment template requires consideration of Human Rights as part of the screening process. These are completed for every new or reviewed strategy, policy or procedure produced by the College. We introduced this system in the past year, incorporating a requirement to record that it had been completed within each official document as part of the publication process.

#### Anti-corruption and anti-bribery

The College has an established Anti-Fraud and Corruption Policy, which is updated on a regular basis. Any instances of fraud or corruption by College employees, Board members or contractors will be treated as a serious breach of discipline and as potentially criminal acts. The overriding principle applied is to prevent any acts of fraud or corruption. Preventative measures adopted by the College are:

- Policies and procedures - to reduce as far as possible the risks from fraud or corruption, these measures include risk management processes, procurement, and the scheme of delegation;
- Systems - incorporating internal controls, and segregation of duties;
- Internal audit - the internal audit programme supports the systems and procedures in place;
- Culture - the College aims to maintain a culture of openness, honesty and accountability, which is also supported by a Whistleblowing Policy;
- Staff Recruitment, Induction and Training - references are taken up for all permanent and temporary staff, and part of the induction includes raising awareness of all policies and procedures pertinent to the post, including governance processes.

**Performance Report (continued)****Going Concern**

The financial statements have been prepared on the going concern basis, which provides that the organisation will continue in operational existence for the foreseeable future. The deficit reported in the Statement of Comprehensive Income includes non-cash depreciation costs, net of deferred grant release, of £443,000 as well as a net charge of £762,000 included in the Statement of Comprehensive Income to reflect the pension valuation changes for the Local Government Pension Scheme. In addition, deferred government capital grants of £22,658,000 have been disclosed as creditors in the financial statements in accordance with FRS 102. The creditors relating to deferred capital grants do not represent future cash outflows for the College. These technical accounting adjustments are not considered to have an impact on the College's ongoing financial sustainability.

The College continues to have ongoing planning discussions with SFC through the Outcome Agreement Manager. Budget forecasts have been prepared in order to ensure that sufficient budget and funds are available to cover ongoing costs including payroll and other expenses which are necessary to deliver services to students and the targets set out in the Regional Outcome Agreement with SFC. The College has prepared medium-term financial forecasts including modelling of pay costs to identify potential challenges and inform strategies for future years, curriculum planning and longer-term developments. In addition, the College will continue to identify where efficiencies can be achieved, in order to reduce future expenditure and increase non-SFC income in order to meet the costs of future developments.

## Accountability Report

### Corporate Governance Report

#### Board of Management

Dumfries and Galloway College Board of Management was established under the provisions of the Further and Higher Education (Scotland) Act 1992, and became a regional college under the provisions of the 2013 Act. The College is also a charity registered in Scotland in terms of the Charities and Trustee Investment (Scotland) Act 2005 with registered number SC021189. The Constitution and Standing Orders of Dumfries and Galloway College Board of Management set out the Board's policy and practice on those issues which it has powers to determine

The Board of Management comprises of representatives from industry, commerce and education, and benefits greatly from Members' extensive expertise of business and public life together with practical experience in education and training. The private and public sectors are represented, as is the College's Executive Management Team (by the Principal), teaching and support staff and the student body.

The Board's key duties are to:

- Set the strategic direction and priorities of the College;
- Promote commitment to the values and ethos of the organisation, including equality and diversity;
- Ensure satisfactory delivery of the organisation's performance and financial objectives, high quality learning and outcomes, and a good learning experience;
- Be accountable to and maintain the trust of key stakeholders;
- Comply with relevant legal and financial requirements, including the Scottish Public Finance Manual;
- Ensure identification and control of the main risks to the organisation's responsibilities and business objectives;
- Adhere to the sector's Code of Good Governance and the organisation's Financial Memorandum.

The Regional Board for Dumfries and Galloway College comprises of the Chair, the Principal, two student members, two staff members and twelve non-executive members, one of which is the Vice Chair and Senior Independent Member. The College recognises the important role Board members have in acting as ambassadors for the College as well as providing a governance role.

The College's Regional Board is responsible for bringing independent judgement to bear on issues concerning the College's strategic direction, performance, resources and standards of conduct. In addition the Board is responsible for systems of internal control. The Board reviews its effectiveness on an annual basis through a robust self evaluation process. The members who served on the Board of Management during the year and up to the date of signature of this report are set out below.

The Board is provided with regular and timely information on the overall financial performance of the College together with other information such as performance against targets, capital expenditure, quality matters and personnel related matters such as health and safety and environmental issues. Agendas, minutes, papers and reports of all meetings are available on the College website: [www.dumgal.ac.uk](http://www.dumgal.ac.uk)

The Board of Management has a strong and independent non-executive element and no individual or group dominates its decision making process. The Board of Management considers that each of its non-executive members is independent of management and free from any business or other relationship, which could materially interfere with the exercise of their independent judgement.

Dumfries and Galloway College Board of Management met six times during the 2017-18 financial period and conducts its business through a number of committees. All of these committees are formally constituted with terms of reference approved by the Board of Management. The committees comprise non-executive members of the Board of Management and are all chaired by a Member of the Board. These committees include a Human Resources Committee, a Finance and General Purposes Committee, a Board Development Committee (includes appointments), a Remuneration Committee, a Learning and Teaching Committee, Audit Committee and a Grievance/ Appeals Committee. All committees are required to report back to the Board on their activities.

## Accountability Report

### Corporate Governance Report

#### Board of Management (continued)

The Board considered the Risk Management Process during 2017-18. The Risk Register is now considered by all Committees to ensure that their collective expertise is focused on specific risks. It was agreed to review the format of the Risk Register over the summer, for the changes to take place in 2018-19. A summary of the current risks is set out on page 5 of the Performance Report.

The following key decisions and actions were made by the Board during 2017-18, following due consideration of reports presented:

- Approval of the GDPR Policy and Strategy, and training requirements for College staff and Board members;
- Development of Key Facts and Stakeholder leaflets, to support promotion of the College externally;
- Board members taking a lead role to champion key issues: Equality and Diversity and Cybersecurity;
- Proactively encouraging student engagement;
- Strengthening the Dumfries and Galloway Developing the Young Workforce Board by including a College student Board member;
- Considering and approving changes to the Management Structure to enable succession planning following changes in senior positions in the College, and to take forward strategic developments and business opportunities.

There is a clear division of responsibility in that the roles of the Chairman and Principal are separate.

The Board Secretary maintains a register of financial and personal interests of the members of the Board of Management. The register is available for inspection on the College website: [www.dumgal.ac.uk](http://www.dumgal.ac.uk)

All Board Members are able to take independent professional advice in furtherance of their duties at the College's expense and have access to the Board Secretary, who is responsible for ensuring compliance with all applicable procedures and regulations. The appointment, evaluation and removal of the Board Secretary are matters for the Board of Management as a whole.

The Board will ensure good governance arrangements are in place including appropriate knowledge and leadership for the SoSEP projects being jointly implemented with Borders College.

Janet Brennan, Ros Francis, Brian Johnstone (Chair), Stuart Martin, Karen McGahan

**Accountability Report (continued)****Corporate Governance Report (continued)****Appointments to the Board of Management**

Following regionalisation of Scottish colleges and their designation as public bodies, Regional Chairs are appointed by the Scottish Minister and are subject to the Public Appointments process.

Any new appointments to the Board of Management are a matter for consideration by the Board as a whole. The Board has a Board Development Committee, which is responsible for the selection and appointment of any new member for the Board's consideration. Any appointment is also now subject to approval by the Cabinet Secretary for Education and Lifelong Learning.

**Human Resources Committee**

The primary purpose of the Human Resources Committee is to ensure that the College is operating within all legal requirements relating to employment law and other legislation affecting employment. The committee also approves the HR strategy and monitors actual performance against KPI's to include staff welfare, staff establishment, turnover, sickness, and absence. The Committee meets once per year.

**Board Development Committee**

The Board Development Committee was previously the Selection and Appointments Committee. The remit of this committee was revised and strengthened during 2015-16 to ensure compliance with the Code of Good Governance for Scotland's Colleges and the Board Development Framework. The Board Development Committee now has responsibility for advising the Board of Management on matters relating to members of the Board of Management, including Board Member appointment, balance of skills and experience, induction and training, balance in relation to equality as well as Board evaluation and development. The Committee meets at least once per year.

**Remuneration Committee**

The Remuneration Committee is responsible for making recommendations to the Board on the remuneration, terms and conditions (and, where appropriate severance payments) of the Principal, members of the Executive Management Team and the Secretary to the Board. The Committee meets at least once per year. Details of the remuneration of senior post-holders for the period ended 31 July 2018 are set out in note 8 to the financial statements.

**Audit Committee**

The Audit Committee comprises a minimum of three members of the Board of Management (excluding the Principal and Chair). The Committee operates in accordance with written terms of reference approved by the Board of Management.

The Audit Committee meets a minimum of four times a year, and provides a forum for reporting by the College's internal, regularity and financial statements auditors. The auditors have access to the Committee for independent discussion, without the presence of College management.

The College's internal auditors monitor the systems of internal control, risk management controls and governance processes in accordance with an agreed plan of input, and report their findings to management and the Audit Committee. Management is responsible for the implementation of agreed audit recommendations and internal auditors undertake periodic follow-up reviews to ensure such recommendations have been implemented.

The Audit Committee also advises the Board of Management on the appointment of internal, regularity and financial statements auditors and their remuneration for both audit and non-audit work.

**Finance and General Purposes**

The Finance and General Purposes Committee is responsible for ensuring compliance with the Financial Memorandum and Financial Regulations. It recommends the annual budget to the Board and monitors actual performance against budget. The Committee also makes recommendations to the Board on matters relating to the development and management of its property and facilities. The Committee meets four times per year.

**Learning and Teaching Committee**

The Learning and Teaching Committee has overall responsibility for monitoring the direction and performance of learning and teaching and the quality of the learners experience at the College. The Committee meets four times per year.

**Accountability Report (continued)****Corporate Governance Report (continued)****Grievance/ Appeals Committee**

The Grievance and Appeals Committee's remit is to hear any grievance or appeal of decision made by the Principal in accordance with discipline, grievance and capability procedures.

**Corporate Governance Statement**

Dumfries and Galloway College is committed to exhibiting best practice in all aspects of corporate governance.

The Scottish Government have published a 'Code of Good Governance for Scotland's Colleges' which codifies the principles of good governance that already exist in colleges, and promotes accountability and continuous improvement in how colleges are governed. The Code establishes standards of good governance practice for all college boards and provides the essential foundations for compliance with the legislative framework set out by the further and higher education acts. The Board complies with the sector Board Development and Evaluation Framework.

The Board of Management of Dumfries and Galloway College adopted the 'Code of Conduct for Members' in June 2014. The Board also adopted the code of Good Governance for Scotland's Colleges in January 2015. The Regional Board complied with the 'College Sector Board Appointments: 2014 Ministerial Guidance' when appointing all non-executive board members.

The Board of Management supports the work being done by the College Sector Good Governance Steering Group.

**Self Evaluation**

The Chair meets with each member of the Board on an annual basis as part of the Board's process of evaluating the effectiveness of board members. The evaluation of the Board Chair is undertaken by the Vice Chair. The performance of the Board Chair is also evaluated by the Scottish Government, as regional college chairs are appointed by the Scottish Ministers and are personally accountable to them.

An external Board Governance Effectiveness Review was undertaken in January 2017. The report in February 2017 concluded that 'the college meets its obligations under the Code of Good Governance and, in a number of areas, promotes highly effective governance'.

Self Evaluation of the Board was undertaken in January 2018. This happens each year, apart from the years for External Review which are planned for every third year.

The outcome of the Self Evaluation was very positive. Key areas identified for further improvement include:

- To develop a Board Links Scheme to facilitate improved organisational knowledge and the opportunity to understand staff views, culture and College business;
- Refining the organisation and content of Board and Board Committee meetings and communication - to continue to improve the effectiveness of the meetings structure and the facilitation of effective decision making;
- Continue to improve strategic knowledge and understanding of priorities in the sector;
- Stakeholders - promote College activities and get feedback on what they want from us;
- Review and further improve Induction Packs for new Board members;
- Continue with the good uptake of development/ learning opportunities including development of networking with other college Boards.

In addition to this, the Board will continue to review and refine the organisation of Board meetings and effectiveness of Board meetings.

**Accountability Report (continued)****Corporate Governance Report (continued)****Corporate Strategy**

The Board of Management adopted the Code of Good Governance for Scotland's Colleges in January 2015. The Selection and Appointments Committee was strengthened during 2015-16, and is now the Board Development Committee. The remit of the Committee includes Board Member induction and training as well as Board Evaluation. An annual self-evaluation process has been established which includes a review of performance over the last 12 months, and an assessment of external and internal changes which are likely to impact on the Board in the next 12 months. Areas for development are identified and a Development Plan produced which is monitored throughout the year. Progress against the Development Plan is assessed as part of the following year's performance review.

A Board Strategic Session is included in the Board calendar each year.

**Risk Management and Internal Control*****Scope of Responsibility***

The Board of Management is ultimately responsible for the College's system of internal control and for reviewing its effectiveness. However, such a system is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The Board of Management has delegated the day-to-day responsibility to the Principal, as Accounting Officer, for maintaining a sound system of internal control that supports the achievement of the College's policies, aims and objectives, whilst safeguarding the public funds and assets for which she is personally responsible, in accordance with the responsibilities assigned to her in the Financial Memorandum between Dumfries and Galloway College and the SFC. She is also responsible for reporting to the Board of Management any material weaknesses or breakdowns in internal control.

***Purpose of the system of internal control***

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of College policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Dumfries and Galloway College for the period ended 31 July 2018 and up to the date of approval of the annual report and accounts.

***Capacity to handle risk***

The Board of Management has reviewed the key risks to which the College is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Board of Management is of the view that there is a formal ongoing process for identifying, evaluating and managing the College's significant risks that has been in place for the period ending 31 July 2018 and up to the date of approval of the annual report and accounts. This process is regularly reviewed by the Board of Management.

***Risk and control framework***

The system of internal control is based on a framework of regular management information, administrative procedures including the segregation of duties, and a system of delegation and accountability. In particular, it includes:

- regular reviews by the governing body of periodic and annual financial reports which indicate financial performance against forecasts;
- setting targets to measure financial and other performance;
- clearly defined capital investment control guidelines;
- the adoption of formal project management disciplines, where appropriate.

The College manages the risks faced by adopting robust management practices. The planning processes, self-evaluation and sector review, and audit processes are designed to identify and manage risks. A detailed risk register is maintained and updated on a regular basis. The risk register is discussed at each meeting of the Audit Committee.

**Accountability Report (continued)****Corporate Governance Report (continued)*****Risk and control framework (continued)***

Dumfries and Galloway College has an internal audit service, the work of which is informed by an analysis of the risks to which the College is exposed, and annual internal audit plans are based on this analysis. The analysis of risks and the internal audit plans are endorsed by the Board of Management on the recommendation of the Audit Committee. On an annual basis, a report is provided to the Board of Management detailing internal audit activity in the College. The report includes the internal auditors' independent opinion on the adequacy and effectiveness of the College's system of risk management, controls and governance processes.

The Audit Committee meets with internal and external auditors independently of College staff, to gain independent reassurance.

The College Leadership Team and Executive Management Team keep risk management under regular review, reporting into all Committee and the Board. Any urgent or escalating risks are also reported to the Chair in addition to this process.

Significant risks and management action that have been considered and agreed during 2017-18 are set out at page 5 of the Performance Report in these financial statements.

The Board have considered actions taken in respect of Cybersecurity, Prevent and implementation of GDPR. The Board has also considered actions being taken to help improve retention and attainment, and achievement of the College's credit target, including staff and Board training and approving revisions to policies and procedures. In addition, the Board continue to monitor external influences including Government Policies, employer engagement, and consider management actions to reduce risks.

**Risk Management and Internal Control*****Review of effectiveness***

As described on Page 5 of the Performance Report, Risk Management is an integral part of the overall governance arrangements of the College, and as such there are specific responsibilities for people and groups undertaking different roles in the organisation.

As Accounting Officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. Her review of the effectiveness of the system of internal control is informed by:

- the work of the internal auditors;
- the work of the senior managers within the College who have responsibility for the development and maintenance of the internal control framework;
- comments made by the College's financial statements auditors and the regularity auditors in their management letters and other reports.

The Principal has been advised on the implications of the results of her review of the effectiveness of the system of internal control by the Audit Committee, which oversees the work of the internal auditor, and a plan to address weaknesses and ensure continuous improvement of the system is in place.

The Executive Management Team receives reports setting out key performance and risk indicators and considers possible control issues brought to their attention by early warning mechanisms, which are embedded within the departments and reinforced by risk awareness training. The Executive Management Team and the Audit Committee also receive regular reports from the internal auditor, which include recommendations for improvement. The Audit Committee's role in this area is confined to a high-level review of the arrangements for internal control. The Board of Management's agenda includes a regular item for consideration of risk and control and receives reports thereon from the Executive Management Team and the Audit Committee. The emphasis is on obtaining the relevant degree of assurance and not merely reporting by exception. At its December 2018 meeting, the Board of Management carried out the annual assessment for the period ended 31 July 2018 by considering documentation from the Executive Management Team and internal audit, and taking account of events since 31 July 2018.

The College has established an Estates Strategy for the period 2015-2020. The strategy provides a basis for developing and managing the estate to its maximum potential, to provide the College with a framework within which it can consider estates priorities in light of the College Strategic Plan and Regional Outcome Agreement.

**Accountability Report (continued)****Corporate Governance Report (continued)****Estates Strategy**

The College has established an Estates Strategy for the period 2015-2020. The strategy provides a basis for developing and managing the estate to its maximum potential, to provide the College with a framework within which it can consider estates priorities in light of the College Strategic Plan and Regional Outcome Agreement.

Through the Estates Strategy the College aims to:

- provide flexible, fit for purpose accommodation to reflect modern curriculum delivery;
- continue to ensure efficient space utilisation;
- identify the need for rationalisation and disposal of assets which are surplus to requirements;
- maximise the value of the estate, looking at existing and alternative uses;
- establish and maintain clear routine, statutory and long term preventative maintenance plans;
- consider opportunities for effectiveness through shared services with our Crichton partners;
- ensure the space is fully accessible, meeting all ability needs;
- continue to reduce carbon emissions in line with the College's Climate Change Action Plan.

This strategy will be updated annually to reflect the development of the estate and to meet the changes in the wider environment.

**Human Resources Strategy**

The College has developed a five year human resources strategy to support the College's strategic plan Vision 2020. The strategy aims to achieve:

- an engaged, diverse, and high quality workforce;
- adaptable, flexible and innovative staff, teams and organisation;
- excellent leadership and management;
- a safe and healthy working environment.

**Statement of full compliance with the Code of Good Governance for Scotland's Colleges**

In the opinion of the Board of Management, the College complies with all the principles of the 2016 Code of Good Governance for Scotland's Colleges, and it complied throughout the year ended 31 July 2018.

**Data Security**

There were no personal data-related incidents reported to the Information Commissioners Office during the 2017-18 financial period.

**Going Concern**

As noted on Page 14 of the Performance Statement, the College continues to prepare budget forecasts to ensure that adequate resources are available for the foreseeable future. medium-term financial forecasts and costs modelling have been prepared to inform strategies for future years. After making appropriate enquiries, the Board of Management considers that the College has adequate resources to continue in operational existence for the foreseeable future. For this reason, it continues to adopt the going concern basis in preparing the financial statements.

**Conclusion**

In our opinion the College has an appropriate framework of internal control, and provides reasonable assurance regarding the effective and efficient deployment of resources to achieve the College aims.

## Statement of the Board of Management's Responsibilities

The Board of Management is required to present audited financial statements for each year.

In accordance with the Further and Higher Education (Scotland) Act 1992, the Board of Management is responsible for the administration and management of the College's affairs, including ensuring an effective system of internal control, and is required to present audited financial statements for each financial year.

The Board of Management is responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the College and enable it to ensure that the financial statements are prepared in accordance with the Further and Higher Education (Scotland) Act 1992, the 2015 Statement of Recommended Practice Accounting for further and higher education, the 2015-16 Government Financial Reporting Manual (FRoM) issued by the Scottish Government, and other relevant accounting standards. In addition, within the terms and conditions of a Financial Memorandum agreed between the Scottish Funding Council and the College's Board of Management, the Board of Management, through its designated office holder, is required to prepare financial statements for each financial year which give a true and fair view of the College's state of affairs and of the surplus or deficit and cash flows for that year.

In preparing the financial statements, the Board of Management has ensured that:

- Suitable accounting policies are selected and applied consistently;
- Judgements and estimates are made that are reasonable and prudent;
- Applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Financial statements are prepared on the going concern basis unless it is inappropriate to presume that the College will continue in operation. The Board of Management is satisfied that it has adequate resources to continue in operation for the foreseeable future and for this reason the going concern basis continues to be adopted in the preparation of the financial statements.

The Board of Management has taken reasonable steps to:

- Ensure that funds from the Scottish Funding Council are used only for the purposes for which they have been given and in accordance with the Financial Memorandum with the Funding Council and any other conditions which the Funding Council may from time to time prescribe;
- Ensure that there are appropriate financial and management controls in place to safeguard public funds and funds from other sources;
- Safeguard the assets of the College and prevent and detect fraud;
- Secure the economical, efficient and effective management of the College's resources and expenditure.

The key elements of the College's system of internal financial control, which is designed to discharge the responsibilities set out above, include the following:

- Clear definitions of the responsibilities of, and the authority delegated to, heads of academic and administrative departments;
- A comprehensive medium and short-term planning process, supplemented by detailed annual income, expenditure, capital and cash flow budgets;
- Regular reviews of key performance indicators and business risks and quarterly reviews of financial results involving variance reporting and updates of forecast outcomes;
- Clearly defined and formalised requirements for approval and control of expenditure, with investment decisions involving capital or revenue expenditure being subject to formal detailed appraisal and review according to approval levels set by the Board of Management;

**Statement of the Board of Management's Responsibilities (continued)**

- Comprehensive Financial Regulations, detailing financial controls and procedures, approved by the Audit Committee and the Finance and General Purposes Committee;
- Professional internal audit team whose annual programme is approved by the Audit Committee and endorsed by the Board of Management and whose head provides the Board of Management with a report on internal audit activity within the College and an opinion on the adequacy and effectiveness of the College's system of internal control, including internal financial control.

Any system of internal financial control can, however, only provide reasonable, but not absolute, assurance against material misstatement or loss.

**Data Security**

There were no data security related incidents during 2017-18.

Approved by order of the members of the Board on 11 December 2018 and signed on its behalf by:

Chairman

## Remuneration and Staff Report

### Introduction

The College is required to prepare and publish within its financial statements an annual Remuneration Report under the 2017-18 Government Financial Reporting Manual (FReM) issued by the Scottish Government, which is relevant for the financial period ending 31 July 2018.

The report sets out the remuneration and accrued pension benefits of the Senior College Executives, which comprises the Chairman of the Regional Board, College Principal and Executive Management Team. The Chairman of the Regional Board and College Principal are the only two members of the Regional Board who receive remuneration in respect of their post, and as Board members have responsibility for directing the major activities of the College during the period in accordance with the FReM.

The report also provides information on the number of College employees, including Executive Management Team members, whose total actual remuneration was £60,000 or more, this information being disclosed in salary bandings of £10,000 above £60,000. The following report has been prepared in accordance with the aforementioned Regulations.

The College's External Auditor is required to audit certain parts of the remuneration report and give a separate opinion in his report on the Statement of Accounts as to whether the Remuneration Report has been properly prepared in accordance with the Regulations. All the tables in this report are subject to audit except those relating to Staff Members Allowances and Expenses.

### Remuneration Policy

The remuneration of the Regional College Chair is set by the Scottish Government, and is a non-pensionable post.

The Remuneration Committee is responsible for making recommendations to the Board on the remuneration, terms and conditions (and, where appropriate severance payments) of the Principal, members of the Executive Management Team and the Secretary to the Board. The Committee meets at least once per year. Details of the remuneration of senior post-holders for the period ended 31 July 2018 are set out in note 7 to the financial statements.

### Remuneration including salary entitlements

Remuneration of the Executive Management Team is set out in note 7 of the financial statements.

The College's employees receiving more than £60,000 remuneration during the period covered by the financial statements are shown below. This information is disclosed in salary bandings of £10,000 above £60,000 or more.

**Remuneration and Staff Report (continued)**

During the period, the College made no non-cash benefits available to staff (2016-17 - none).

**Median Remuneration**

Based on the 12 month figures above, the banded remuneration of the highest paid official in the organisation during the financial year 2017-18 was £95,000 - £100,000. (2016-17 - £95,000 - £100,000). This was 3.9 times (2016-17 - 3.8 times) the median remuneration of the workforce which was £25,301 (2016-17 £25,301).

**Salary entitlements**

The following table provides detail of the remuneration and pension interests of Senior Executives.

Name	12 months ended 31 July 2018			12 months ended 31 July 2017		
	Actual			Actual

S.A. Wright	60-65	0-5	60-65	55-60	10-15	70-75

\* Pension Benefits are calculated as real increase in pension multiplied by 20 plus the real increase in any lump sum less the contributions made by the individual.

(1) H Pedley left the Executive Management Team on 31.12.17. Her full time equivalent salary was in the £60-65k band.

The salary and pension benefits above are shown in bands of £5,000 in accordance with the 2017-18 Government Financial Reporting Manual.

Pension benefits for all College employees are provided through the Scottish Teacher's Superannuation Scheme (STSS), a defined benefit scheme which is externally funded and contracted-out of State Earnings-Related Pension Scheme and the Local Government Pension Scheme (LGPS) Dumfries and Galloway Pension Fund.

The Pension Benefits noted above include benefits from the Local Government Pension Scheme for three Senior Executives, and the Scottish Teachers Superannuation Scheme for one Senior Executive.

Contribution rates for both pension schemes are set annually for all employees, as set out at note 20.

## Remuneration and Staff Report (continued)

### Changes to the Local Government Pension Scheme

Changes were made to the LGPS scheme from 1 April 2015. The pension after that date for members will be calculated on a career average basis, and the pension age will align with the state retirement age.

Scheme members will be able to choose to leave the scheme and draw their pension from state retirement age, or choose to work longer. Pension benefits would be reduced if the member retires before the state retirement age, and increased if they choose to work longer.

There is no automatic entitlement to a lump sum for LGPS scheme members. Members may opt to give up (commute) a pension for lump sum up to the limit set up by the Finance Act 2004. The actual rate guarantees a pension based on the pensionable salary and years of pensionable service.

Pension benefits built up by members in the scheme up to 31 March 2015 are protected, and will still be based on their final salary on leaving and the state retirement age in the current scheme. Member benefits build up in the new way from April 2015.

### Senior Executives Pension

Pension benefits are provided to Senior Executives on the same basis as all other staff. The accrued pension benefits for senior officials are set out in the table below, together with pension contributions made by the College.

Name	Accrued pension at pension age at 31 July 2018 £'000	Accrued lump sum at pension age at 31 July 2018 £'000	Real increase in pension 1 to 31 July 2018 £'000	Real increase in lump sum 1 to 31 July 2018 £'000	CETV at 31 July 2018 £'000	CETV at 31 July 2017 £'000	Real increase in CETV £'000
B. Johnstone	0	0	0	0	0	0	0
C. Turnbull	40-45	70-75	0-2.5	0	910	829	47

S.A. Wright	25-30	75-80	0-2.5	0-2.5	520	486	12

### Cash Equivalent Transfer Value

A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time.

The value of the accrued pension benefits has been calculated on the basis of the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation. The pension figures shown relate to the benefits that the person has accrued as a consequence of their total service and not just their current appointment.

In considering the accrued pension benefits figures the following contextual information should be taken into account:

- The figures for pension and lump sum are illustrative only in light of the assumptions set out above and do not necessarily reflect the actual benefits that any individual may receive upon retirement:
- The accrued benefits figures are reflective of the pension contributions that both the employer and scheme member have made over a period of time.

### Real increase in CETV

This reflects the increase in CETV that is funded by the employer. It does not include the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

**Remuneration and Staff Report (continued)****Compensation for loss of office**

No employees left under voluntary exit/ early retirement terms during the year (2016-17 - 14 employees). The table below summarises the exit packages for those staff who left during 2016-17. It includes payments made to staff and the accrued pension cost of added years.

The College employed 204 females and 125 males as at 31 July 2018. Of the three College Senior Executives at July 2018, two are male and one is female.

**Sickness Absence**

The total number of days lost per full-time equivalent (FTE) to sickness absence during 2017-18 was 8 days, which was level with 2016-17.

**Social Matters, Respect for Human Rights**

Our new Equality and Diversity Impact Assessment template requires consideration of Human Rights as part of the screening process. These are completed for every new or reviewed strategy, policy or procedure produced by the College. We introduced this system in the past year, incorporating a requirement to record that it had been completed within each official document as part of the publication process.

**Equality, Diversity and Inclusion**

Dumfries and Galloway College is committed to the provision of equal opportunities in all aspects of College life. We welcome students and staff from all backgrounds and aim to provide equal services to all our students and staff, and believe in human rights for all connected with the organisation and all members of the community. We are committed to the fulfilment of all agreements and acts, which may have implications for our role in training and education.

All individuals within Dumfries and Galloway College have a responsibility for compliance with legislation and for a positive attitude towards equal opportunities. All external persons connected to Dumfries and Galloway College will be encouraged to hold the same responsibilities and commitment.

**Remuneration and Staff Report (continued)****Equality, Diversity and Inclusion (continued)**

The College actively seek to advance equality of opportunity, foster good relations and eliminate discrimination, harassment and victimisation because of the protected characteristics of: age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation and marriage & civil partnership.

Under the Equality Act (2010) and the Public Sector Equality Duty, the College, in the exercise of its functions, has a general duty to have regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act 2010;
- Advance equality of opportunity between people of different groups; and
- Foster good relations between people from different groups, tackling prejudice and promoting understanding between people from different groups.

In addition to the general duty, the College has a specific duty to:

- Report progress on mainstreaming the public sector duty:
- Publish equality outcomes and report progress:
- Assess and review policies and practices (impact assessment);
- Gather and use employee information:
- Publish statements on equal pay;
- Consider award criteria and conditions in relation to public procurement; and
- Publish in a manner which is accessible.

The above reports are available on the College website.

The College has reviewed the initial equality outcomes, which centred on culture and embedding equality and diversity across the College, including the Board of Management and the College Leadership Team and throughout the College. An Access and Inclusion Strategy has been produced, which supports Vision 2020 and the Regional Outcome Agreement. Training for staff will continue with the introduction of a revised e-learning module, and all Board members have Equality and Diversity training as part of their induction.

A number of other measures taken include equality data monitoring, devising a suite of equality reports for learners and monitoring through learner voices, and gender imbalance events across courses in the College.

New outcomes have been devised for 2017-21. The outcomes are aligned to key strategic documents and national priorities including the Outcome Agreement with SFC, the College Strategic Plan, Education Scotland and the Public Sector Equality Duty:

**Equality Outcome 1**

The College's gender pay gap will be reduced by addressing the causes of gender inequality to create a more equal and balanced workforce with both men and women being more equally represented at all levels of the organisation.

**Equality Outcome 2**

Opportunities will be created in targeted curriculum areas to address gender imbalance and stereotyping. The College will aim to eliminate barriers to subject choice and therefore enable learners to maximise their education and employment opportunities.

**Equality Outcome 3**

Learners' successful completion regardless of protected characteristics is increased.

## Remuneration and Staff Report (continued)

### Equality, Diversity and Inclusion (continued)

#### Equality Outcome 4

The College designs and delivers programmes and services to meet the needs of learners from all backgrounds and circumstances.

The College is establishing an Equality and Diversity Committee, which will lead on taking forward the Outcomes and devising action plans to support them. A report detailing progress in achieving the outcomes will be published in 2019 and 2021.

#### Other diversity issues and equal treatment in employment and occupation

Dumfries and Galloway College is committed to promoting equality of opportunity, celebrating and valuing diversity, eliminating unlawful discrimination, harassment and victimisation, and promoting good relations for all our staff, students, visitors and partners.

We aim to achieve equality for all by addressing discrimination in education and employment on the grounds of age, disability, gender, gender identity, marriage and civil partnership, pregnancy and maternity, race, religion or belief, or sexual orientation. By fostering a culture of dignity and respect, we will ensure that every student and member of our staff achieves their full potential. Our Board currently has a 50:50 gender split for non-executive Board members (taking into account the legislation's guidance that if an odd number of Board members exist, the lower even number be used to determine the split percentage), and a 55:45 gender split in favour of female members when executive members are included. Plans are in place to produce our statutory gender, race and disability pay gap information for April 2019 along with our reviewed Equality Outcomes and Mainstreaming Report. Impact assessment, as outlined earlier in this report, has been redesigned this year and a management training package to ensure wider application has been arranged for February 2019.

A root and branch review of our equality and diversity activity and progress in mid-2017 led to the introduction of the new continuous improvement Equality and Diversity Framework we use to shape our work in this field. This clearly demonstrates how the different elements of our work link together to progress fairness for everyone in our College family. We meet our commitment through a clear Equality and Diversity Policy, setting outcomes to address prioritised issues to improve equality, and embedding our equality practice in everything we do. An annual Equality and Diversity Action Plan sets out what we plan to do to meet our outcomes, and we report on progress against this action plan each year to the Board in April. The cross-College Equality and Diversity Committee meets quarterly to oversee progress. In addition, we have supporting Gender and BSL Action Plans in place and subscribe to the Disability Confident standards. Last year, we provided face to face training in equality law, gender identity and preventing harassment to around 130 staff and 240 students, as well as to a third sector partner agency.

#### Employment issues including employee consultation and or participation

Preparations were made in the latter part of the 2017/18 academic year to hold two Staff Wellbeing Days to allow staff to try out beneficial activities during their working day. These were enthusiastically received and will be repeated year on year. A staff survey was also designed. Results from this survey are currently under analysis, with initial results suggesting that our people are proud to work at College and enjoy contributing to our goals, whilst indicating that our communication could be improved to help staff understand where their contribution fits into the whole.

#### Health & Safety at Work

Dumfries and Galloway College is committed to continuous improvement in health, safety and safety performance. It recognises its duty of care to employees, students, members of the public and employees of sub-contractors in all college situations. A number of processes and procedures are in place in order to comply with statutory responsibilities, which are set out in our Health and Safety Policy which is reviewed and updated regularly. The College provides information, instruction, training and supervision for all individuals, as well as maintaining suitable reporting lines and implementing corrective measures where appropriate.

#### Trade Union Relationships

Dumfries and Galloway College recognises the Trades Unions listed in the National Recognition Procedures Agreement (NRPA). Locally our staff are represented by EIS/FELA and Unison who attend our Local Joint Negotiating Committee (LJNC). Staff who are elected representatives of the trade unions are provided support through paid facility time, and those details are set out on page 31.

**Remuneration and Staff Report (continued)****Staff Development and Workforce Planning**

As our most valuable resource, the College recognises the importance of investing in and developing our staff to support the strategic objectives set out in the Vision 2020 Strategy. The College believes that all employees have the potential to grow, both in their work role and personally, and endeavours to provide opportunities for this growth. A number of mechanisms are in place in order to help with this aim, including providing a broad range of development opportunities for staff. The College has processes and procedures in place to ensure that recruitment is carried out effectively and appropriate complaints processes are in place to encourage free communication between employees and their managers, and resolve any potential problems quickly and satisfactorily. Disciplinary, Attendance Management and Capability processes have been designed to help and encourage all employees to achieve and maintain standards of conduct, attendance and performance and consistent and fair treatment for all staff.

**Facility Time**

In accordance with the Trade Union (Time Facility Publication Requirements) Regulations 2017, the College provided the following support through paid facility time for union officials working at the College during the period April 2017 to March 2018:

**Relevant Union Officials**

Number of employees who were relevant union officials during the relevant period:	Full-time equivalent employee number:

# **Independent auditor's report to the members of the Board of Management of Dumfries and Galloway College, the Auditor General for Scotland and the Scottish Parliament**

This report is made solely to the parties to whom it is addressed in accordance with the Public Finance and Accountability (Scotland) Act 2000 and for no other purpose. In accordance with paragraph 120 of the Code of Audit Practice approved by the Auditor General for Scotland, we do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.

## **Report on the audit of the financial statements**

### **Opinion on financial statements**

We have audited the financial statements in the annual report and accounts of Dumfries and Galloway College for the year ended 31 July 2018 under the Further and Higher Education (Scotland) Act 1992 and section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005. The financial statements comprise the Statement of Comprehensive Income, Statement of Changes in Reserves, Balance Sheet, and Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the accompanying financial statements:

- give a true and fair view in accordance with the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council of the state of the college's affairs as at 31 July 2018 and of its deficit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council, the Charities and Trustee Investment (Scotland) Act 2005, and regulation 14 of The Charities Accounts (Scotland) Regulations 2006 (as amended).

### **Basis of opinion**

We conducted our audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the college in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the college has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about its ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

## **Responsibilities of the Board of Management for the financial statements**

As explained more fully in the Statement of the Board of Management's Responsibilities, the Board of Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Board of Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Management is responsible for assessing the college's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

## **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to achieve reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

## **Other information in the annual report and accounts**

The Board of Management is responsible for the other information in the annual report and accounts. The other information comprises the information other than the financial statements, the audited part of the remuneration and staff report, and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon except on matters prescribed by the Auditor General for Scotland to the extent explicitly stated later in this report.

In connection with our audit of the financial statements in accordance with ISAs (UK), our responsibility is to read all the other information in the annual report and accounts and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Report on regularity of expenditure and income**

### **Opinion on regularity**

In our opinion in all material respects the expenditure and income in the financial statements were incurred or applied in accordance with any applicable enactments and guidance issued by the Scottish Ministers.

### **Responsibilities for regularity**

The Board of Management is responsible for ensuring the regularity of expenditure and income. We are responsible for expressing an opinion on the regularity of expenditure and income in accordance with the Public Finance and Accountability (Scotland) Act 2000.

## **Report on other requirements**

### **Opinions on other matters prescribed by the Auditor General for Scotland**

In our opinion, the audited part of the Remuneration and Staff Report has been properly prepared in accordance with the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council.

In our opinion, based on the work undertaken in the course of the audit

- the information given in the Performance Report for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council; and
- the information given in the Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Further and Higher Education (Scotland) Act 1992 and directions made thereunder by the Scottish Funding Council.

**Matters on which we are required to report by exception**

We are required by The Charities Accounts (Scotland) Regulations 2006 to report to you if, in our opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration and Staff Report are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

**Notes to the Financial Statements****1. Statement of Accounting Policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

**1.1 Basis of preparation**

These financial statements have been prepared in accordance with the Statement of Recommended Accounting Practice (SORP) 2015: 'Accounting in Further and Higher Education'; the Financial Reporting Standards FRS 102 and the 2017-18 Government Financial Reporting Model (FReM) issued by the Scottish Government and in accordance with applicable Accounting Standards. They conform to the Accounts Direction and other guidance issued by the Scottish Funding Council.

The College is a public benefit entity and therefore has applied the relevant public benefit requirement of FRS 102.

The financial statements are prepared under the historical cost convention, modified by the revaluation of certain fixed assets.

The accounting policies contained in the FReM apply International Reporting Standards as adapted or interpreted for the public sector context. Where the FReM permits a choice of accounting policy, the accounting policy which is judged to be most appropriate to the College for the purposes of giving a true and fair view has been selected. The particular policies adopted by the College in dealing with items that are considered material to the financial statements are set out below.

**1.2 Basis of accounting**

In preparing the financial statements, the College is required to make estimates and assumptions which affect reported income, expenses, assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates, together with past experience and expectations of future events that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates.

The accounting policies have been approved by the Board of Management, and are consistent with previous years. The key areas where judgement and estimation have been applied are as follows:

<b>Estimate</b>	<b>Basis of Estimation</b>
Valuation of buildings	College buildings are of a specialist nature and are valued on the depreciated replacement cost basis.
Useful economic lives of buildings and equipment	Buildings are depreciated over their useful economic lives as assessed by an independent, qualified valuer. The useful life of each item of equipment is assessed by appropriately experienced senior College staff, and is based on previous experience, taking into account changes in how the asset will be used and technological advancement where relevant.
Recoverable amount of trade debtors	Trade debtors are reviewed by appropriately experienced senior College staff, with appropriate provision for potential irrecoverable balances being charged to the financial statements as required.
Obligations under the Local Government Pension Scheme	The College has relied on the assumptions made by suitably qualified Pension Scheme Actuaries, which have been reviewed and are considered to be reasonable and appropriate.

**Notes to the Financial Statements (continued)****1. Statement of Accounting Policies (continued)****1.3 Recognition of income**

Income from the sale of goods or services is credited to the Statement of Comprehensive Income and Expenditure when the goods or services are supplied to the external customers or the terms of the contract have been satisfied.

Fee income is stated gross of any expenditure which is not a discount and credited to the Statement of Comprehensive Income and Expenditure over the period in which students are studying. Where the amount of the tuition fee is reduced, by a discount for prompt payment, income receivable is shown net of the discount.

All income from short-term deposits and investment income is credited to the statement of income and expenditure on a receivable basis.

The College acts as paying agent on behalf of two funding bodies - the Scottish Funding Council and the Student Awards Agency for Scotland - in the collection and payment of certain Student Support Funds. Where the College is exposed to minimal risk or enjoys minimal economic benefit related to the transaction, those funds are excluded from the income and expenditure of the College.

Where the College has more discretion in the manner in which specific funds are disbursed, and those funds do not meet the definition of agency funds, those funds are shown as College income and expenditure.

**Grant funding**

Government revenue grants including the recurrent grants from the Scottish Funding Council (SFC) are recognised in income over the periods in which the College recognises the related costs for which the grant is intended to compensate. Where part of a government grant is deferred it is recognised as deferred income within creditors and allocated between creditors due within one year and due after more than one year as appropriate.

Grants from non government sources are recognised in income when the College is entitled to the income and performance related conditions have been met. Income received in advance of performance related conditions being met is recognised as deferred income within creditors on the balance sheet and released to income as the conditions are met.

**Donations and endowments**

Non exchange transactions without performance related conditions are donations and endowments. Donations and endowments with donor imposed restrictions are recognised in income when the College is entitled to the funds. Income is retained within the restricted reserve until such time that it is utilised in line with such restrictions at which point the income is released to general reserves through a reserve transfer.

Donations with no restrictions are recognised in income when the College is entitled to the funds.

Investment income and appreciation of endowments is recorded in income in the year in which it arises and as either restricted or unrestricted income according to the terms of the restriction applied to the individual endowment fund.

Four main types of donations and endowments are identified within reserves:

1. Restricted donations - the donor has specified that the donation must be used for a particular objective.
2. Unrestricted permanent endowments - the donor has specified that the fund is to be permanently invested to generate an income stream for the general benefit of the College.
3. Restricted expendable endowments - the donor has specified a particular objective other than the purchase or construction of tangible fixed assets, and the College has the power to use the capital.
4. Restricted permanent endowments - the donor has specified that the fund is to be permanently invested to generate an income stream to be applied to a particular objective.

**Capital grants**

Government capital grants are recognised in income over the expected useful life of the asset. Other capital grants are recognised in income when the College is entitled to the funds subject to any performance related conditions being met.

**1.4 Fixed assets**

In line with FReM all tangible assets must be carried at fair value. Where parts of a fixed asset have different useful lives, they are accounted for as separate items of fixed assets.

**Notes to the Financial Statements (continued)****1. Statement of Accounting Policies (continued)****1.4 Fixed assets (continued)*****Land and buildings***

Land and buildings are measured using the revaluation model. Under the revaluation model, assets are revalued to fair value. Where appropriate Depreciated Replacement cost has been used as a measure of fair value for land and buildings otherwise Market Value will be used. The College has a policy of ensuring a full revaluation takes place at least every 5 years such that the fair value is not materially different to the current value. Depreciation and impairment losses are subsequently charged on the revalued amount.

Finance costs, which are directly attributable to the construction of land and buildings, are not capitalised as part of the cost of those assets.

Costs incurred in relation to land and buildings after initial purchase or construction, and prior to valuation, are capitalised to the extent that they increase the expected future benefits to the College.

If a building is brought into use mid-way through a year the depreciation charge in the first year will be pro-rated to reflect the number of months that the asset was in use.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying amount of any fixed asset may not be recoverable.

Assets under construction are accounted for at cost, based on the value of architects' certificates and other direct costs, incurred to 31 July 2018. They are not depreciated until they are brought into use.

Freehold land is not depreciated as it is considered to have an indefinite useful life. Freehold buildings are depreciated on a straight line basis over their expected useful lives.

The expected useful life of buildings can vary from 10 to 50 years as determined by professional opinion and valuation.

***Equipment***

Equipment, including computers and software, costing less than £10,000 per individual item and motor vehicles costing less than £5,000 are recognised as expenditure. All other equipment is capitalised and depreciated in accordance with the depreciation policy.

Capitalised equipment is depreciated over its useful economic life as follows:

Buildings	10 to 50 years
Fixtures and fittings	10 years
Computer equipment	3 years
Other equipment	5 years
Motor vehicles	5 years

Where equipment is brought into use mid-way through a year the depreciation charge in the first year will be prorated to reflect the number of months that the asset was in use.

Depreciation methods, useful lives and residual values are reviewed at the date of preparation of each Balance Sheet.

***Borrowing costs***

Borrowing costs are recognised as expenditure in the period in which they are incurred.

**1.5 Finance leases**

Leases in which the College assumes substantially all the risks and rewards of ownership of the leased asset are classified as finance leases. Leased assets acquired by way of finance lease and the corresponding lease liabilities are initially recognised at an amount equal to the lower of their fair value and the present value of the minimum lease payments at inception of the lease.

Minimum lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

**Notes to the Financial Statements (continued)****1. Statement of Accounting Policies (continued)****1.6 Operating leases**

Costs in respect of operating leases are charged on a straight-line basis over the lease term. Any lease premiums or incentives are spread over the minimum lease term.

**1.7 Cash and cash equivalents**

Cash includes cash in hand, deposits repayable on demand and overdrafts. Deposits are repayable on demand if they are in practice available within 24 hours without penalty.

Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash with insignificant risk of change in value.

**1.8 Taxation**

The College is an exempt charity within the meaning of the Trustee Investment and Charities (Scotland) Act 2005 and as such, is a charity within the meaning of Section 506 (1) of the Income and Corporation Taxes Act 1988. The College is recognised as a charity by HM Revenue and Customs and is recorded on the index of charities maintained by the Office of Scottish Charity Regulator. It is therefore a charity within the meaning of Para 1 of schedule 6 to the Finance Act 2010 and accordingly, the College is potentially exempt from taxation in respect of income or capital gains received within categories covered by section 478-488 of the Corporation Tax Act 2010 (CTA 2010) or section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied to exclusively charitable purposes.

The College receives no similar exemption in respect of Value Added Tax (VAT). Irrecoverable VAT on inputs is included in costs of such inputs. Any irrecoverable VAT allocated to fixed assets is included in their cost.

**1.9 Accounting for retirement benefits**

All new College employees have the option of joining a pension scheme. The schemes currently open to new members are the Scottish Teachers' Superannuation Scheme and the Dumfries and Galloway Council Pension Fund. Both of the schemes are defined benefit schemes, which are externally funded and contracted out of the State Second Pension (S2P).

***Scottish Teachers' Superannuation Scheme***

The Scottish Teachers' Superannuation Scheme (STSS) pension scheme provides benefits based on career average salaries. The assets of the scheme are held separately from those of the College. The STSS is a multi-employer scheme for which it is not possible to identify the assets and liabilities to College members due to the mutual nature of the scheme and therefore this scheme is accounted for as a defined contribution retirement benefit scheme.

***Dumfries and Galloway Council Pension Fund***

The Dumfries and Galloway Council Pension Fund is a pension scheme providing benefits based on career average salaries. The assets and liabilities of the scheme are held separately from those of the College.

***Defined Contribution Plan***

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the income statement in the periods during which services are rendered by employees.

***Defined Benefit Plan***

Defined benefit plans are post-employment benefit plans other than defined contribution plans. Under defined benefit plans, the College's obligation is to provide the agreed benefits to current and former employees, and actuarial risk (that benefits will cost more or less than expected) and investment risk (that returns on assets set aside to fund the benefits will differ from expectations) are borne, in substance, by the College. The College should recognise a liability for its obligations under defined benefit plans net of plan assets. This net defined benefit liability is measured as the estimated amount of benefit that employees have earned in return for their service in the current and prior periods, discounted to determine its present value, less the fair value (at bid price) of plan assets. The calculation is performed by a qualified actuary using the projected unit credit method. Where the calculation results in a net asset, recognition of the asset is limited to the extent to which the College is able to recover the surplus either through reduced contributions in the future or through refunds to the extent to which the College is able to recover the surplus either through reduced contributions in the future or through refunds.

**Notes to the Financial Statements (continued)****1. Statement of Accounting Policies (continued)****1.10 Employment benefits**

Short term employment benefits such as salaries and compensated absences are recognised as an expense in the year in which the employees render service to the College. Any unused benefits are accrued and measured as the additional amount the College expects to pay as a result of the unused entitlement.

**1.11 Financial Instruments**

The College does not hold any complex financial instruments. The only financial instruments included in the financial statements are financial assets in the form of cash and cash equivalents as well as trade receivables and other current assets and financial liabilities in the form of trade receivables and other current liabilities.

All material amounts of trade receivables and other current assets due at 31 July 2018 have been brought into the Statement of Comprehensive Income irrespective of when actual payments were received.

All material amounts of trade payables and other current liabilities outstanding at 31 July 2018 have been brought into the Statement of Comprehensive Income irrespective of when actual payments were made.

**1.12 Provisions, contingent liabilities and contingent assets**

Provisions are recognised in the financial statements when:

- (a) the College has a present obligation (legal or constructive) as a result of a past event;
- (b) it is probable that an outflow of economic benefits will be required to settle the obligation; and
- (c) a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is determined by discounting the expected future cash flows at a pre-tax rate that reflects risks specific to the liability.

A contingent liability arises from a past event that gives the College a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the College. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

A contingent asset arises where an event has taken place that gives the College a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the College.

Contingent assets and liabilities are not recognised in the Balance Sheet but are disclosed in the notes.

**1.13 Reserves**

Reserves are classified as restricted or unrestricted. Restricted endowment reserves include balances which, through endowment to the College, are held as a permanently restricted fund which the college must hold in perpetuity.

Other restricted reserves include balances where the donor has designated a specific purpose and therefore the college is restricted in the use of these funds.

### 9. Impact of Depreciation Budget on Statement of Comprehensive Income

Following reclassification, colleges received a non-cash budget to cover depreciation but this additional budget is not recognised under the FE/HE SORP accounting rules. Colleges may show a deficit equivalent to net depreciation as a result of having to meet Government accounting rules and the requirement to spend the cash allocation.

Under the FE/ HE SORP, the College recorded an operating deficit of £1,086,000 for the year ended 31 July 2018. After taking account of the Government non-cash budget and non-cash pension adjustments, the College shows an 'adjusted' deficit of £696,000 on a Central Government accounting basis. The deficit is attributed to other factors reflected in the adjusted operating table at Note 10, and the College is therefore operating sustainably within its funding allocation.

### 10. Adjusted Operating Position

The Statement of Comprehensive Income presents the financial performance during the accounting period in accordance with the FE/ HE SORP. The adjusted operating position is intended to reflect the financial performance of the College after allowing for non-cash adjustments and other material on-off or distorting items required by the SORP. The adjusted operating position is therefore designed to smooth any volatility in reported results arising from FRS102 and also to recognise that some of the reported costs do not have an immediate cash impact on the College. This should give a better indication of the College's cash generative capacity.

(1) Depreciation is a non-cash item and is therefore excluded when calculating the adjusted operating position.

(2) The adjustments to the pensions charge represents the non-cash element of service cost (i.e. including the present value of projected benefits resulting from employee service in the current year) less cash contributions paid.

(3) The net interest cost is the interest accumulated on the pension liability and this is offset against the current year's interest earned on pension assets. These are non-cash adjustments.

(4) The gain on disposal of fixed assets represents cash received during the year from the sale of surplus equipment and vehicles. (2017 - the loss represents a net deficit on disposal of a surplus building).

(5) A grant was received from the Scottish Colleges Foundation during the year for engineering equipment. This income is not matched by expenditure as it has been used to fund capital assets which will be depreciated over the life of the asset.

Financial liabilities measured at amortised cost comprise trade creditors, accruals and deferred income, bursary and discretionary funds for future disbursement and repayable to SFC.

**20 Pensions and similar obligations**

The College's employees belong to two principal pension schemes, the Scottish Teachers Superannuation Scheme (STSS) which is administered by the Scottish Public Pensions Agency and the Local Government Pension Scheme (LGPS) - The Dumfries and Galloway Council Pension Fund.

The total pension costs for the institution was :

	<b>12 months to July 2018 £000</b>	12 months to July 2017 £000
Contribution to STSS	<b>545</b>	523
Contribution to LGPS	<b>662</b>	613
Pension costs as a result of implementing FRS 102	<b>762</b>	641
Total pension cost	<b><u>1,969</u></b>	<u>1,777</u>

Employer contribution rates during the period were:

STSS - 17.2% from September 2015

LGPS - 20.3% plus £25,000 as noted below from August 2017 to March 2018, and from April 2018 - 21.2%

**The Scottish Teachers Superannuation Scheme**

The scheme is an unfunded statutory public service pension scheme with benefits underwritten by the UK Government. The scheme is financed by payments from employers and from those current employees who are members of the scheme and paying contributions at progressively higher marginal rates based on pensionable pay, as specified by the regulations. The rate of employer contributions is set with reference to a funding valuation undertaken by the scheme actuary. The last four-yearly valuation was undertaken as at 31 March 2012. The next valuation will be as at 31 March 2016 and this will set contribution rates from 1 April 2019.

The scheme is an unfunded multi-employer defined benefit scheme, however it is accepted under FRS 102 (28) that the scheme can be treated for accounting purposes as a defined contribution scheme as the College is unable to identify its share of the underlying assets and liabilities in the STSS scheme on a consistent and reasonable basis.

As the scheme is unfunded there can be no deficit or surplus to distribute on the wind-up of the scheme or withdrawal of the scheme.

The employer contribution rate from 1 August 2015 was 14.9% of pensionable pay, increasing to 17.2% from September 2015. While the employee rate applied is a variable it will provide an actuarial yield of 9.6% of pensionable pay.

**The Local Government Pension Scheme (LGPS)**

The LGPS is a defined benefit scheme, with the assets held in separate trustee administered funds.

The triennial valuation of the Dumfries and Galloway Council Pension Fund was carried out as at 31 March 2017 by Hymans Robertson LLP. The valuation for Dumfries and Galloway College's participation in the Dumfries and Galloway Council Pension Fund was updated by Hymans Robertson as at 31 July 2018.

## Notes to the Financial Statements (continued)

## 20 Pensions and similar obligations (continued)

Following the revaluation of the Dumfries and Galloway Council pension fund at 31 March 2017, the actuary determined that the funding level for Dumfries and Galloway College's element of the fund has increased from 98% as at 31 March 2014 to 102% as at 31 March 2017. The proposed employer rate has been derived using a risk based approach, taking into account the employers' perceived risk to the Fund and the time horizon over which funding takes place as well as the cost of the build up of pension by current active members and the actuarially calculated funding level. For 2018-19 the actuary has proposed an employer contribution rate for Dumfries and Galloway College of 21.2% of pensionable pay. This consists of a rate of 22.4% for benefits going forward less an allowance of 1.2% to utilise the surplus. (the 2017-18 rate of 20.3% of pensionable pay plus £25,000 deficit payment equates to a total rate of 21.2% of pensionable pay).

Employer contribution rates applied previously were as follows:

2015-16 - 20.3% of pensionable pay plus £23,000  
 2016-17 - 20.3% of pensionable pay plus £24,000  
 2017-18 - 20.3% of pensionable pay plus £25,000

And from 2018-19 - 21.2% of pensionable pay as noted above.

## Assumptions

Principal actuarial assumptions (expressed as weighted averages) at the year end were as follows:

	As at 31/07/18 %	As at 31/07/17 %
Discount rate	2.80%	2.70%
Future salary increases	3.20%	4.50%
Inflation/ pension rate increase	2.40%	2.50%

Life expectancy is based on the Fund's Vita Curves with improvements in line with the CMI 2016 model assuming current rates of improvement have peaked and will converge to a long term rate of 1.25% p.a. based on these assumptions, the average life expectancies at age 65 are summarised below.

- Current pensioner aged 65: 21.8 years (male), 24.3 years (female).
- Future retiree upon reaching 65: 23 years (male), 26.2 years (female).

An allowance is included for future retirements to elect to take 50% of the maximum additional tax-free cash up to HMRC limits for pre-April 2009 service and 75% of the maximum tax-free cash for post-April 2009 service.

## Scheme assets and expected rate of return for LGPS

The overall expected rate of return is calculated by weighting the individual rates in accordance with the anticipated balance in the plan's investment portfolio.

The fair value of the plan assets and return on those assets were as follows:

	Year ended 31 July 2018 Fair value £000	Year ended 31 July 2017 Fair value £000	Year ended 31 July 2016 Fair value £000
Equities	17,184	15,369	13,016
Corporate bonds	3,124	3,033	3,031
Property	2,009	1,820	1,783
Other	0	0	0
	<u>22,317</u>	<u>20,222</u>	<u>17,830</u>
Actual return on plan assets	<u>1,127</u>	<u>1,748</u>	<u>809</u>

The analysis of the amounts charged to the Statement of Comprehensive Income (SOCl) is as follows:

	Year ended 31 July 2018 £000	Year ended 31 July 2017 £000
<b>Charged to staff costs:</b>		
Current service cost	(1,236)	(1,039)
Past service costs	<u>0</u>	<u>(28)</u>
<b>Total charged to staff costs</b>	<u>(1,236)</u>	<u>(1,067)</u>
<b>Credit/ charge for net return on pension scheme:</b>		
Interest income	551	430
Interest cost	<u>(781)</u>	<u>(616)</u>
<b>Net interest charged</b>	<u>(230)</u>	<u>(186)</u>
<b>Credit/ charge to other comprehensive income:</b>		
Return on assets	1,127	1,748
Other experience	3,596	(1)
Gains and losses on changes in financial assumptions	2,153	(1,848)
Changes in demographic assumptions	<u>43</u>	<u>0</u>
<b>Actuarial Gain/ (Loss)</b>	<u>6,919</u>	<u>(101)</u>
<b>Total charge to the SOCl</b>	<u>5,453</u>	<u>(1,354)</u>
<b>Analysis of the movement in deficit during the year:</b>		
Deficit in scheme at start of year	(8,250)	(7,508)
Service costs	(1,236)	(1,067)
Employers contributions	704	612
Net interest costs	(230)	(186)
Actuarial gain/ (loss)	<u>6,919</u>	<u>(101)</u>
<b>Deficit in scheme at end of year</b>	<u>(2,093)</u>	<u>(8,250)</u>

The Actuarial report has highlighted that the financial assumptions at July 2018 result in a slightly higher net discount rate compared to July 2017, and average LGPS fund returns over the year have generally been higher than the 2017 accounting discount rate assumption. Combining these two factors should improve the 2018 balance sheet position.

**Notes to the Financial Statements (continued)****21 Related Party Transactions**

The Board of Management of Dumfries and Galloway College is a body incorporated under the Further and Higher Education (Scotland) Act 1992 and is funded by the Scottish Funding Council (SFC).

SFC and the Scottish Executive Enterprise and Lifelong Learning Department (SEELLD) are regarded as related parties. During the year Dumfries and Galloway College had various material transactions with these bodies and with other entities for which they are either the Funding Council or are regarded as the sponsor Department, e.g. Student Awards Agency for Scotland, and a number of other colleges and higher education institutions.

Due to the nature of the College's operations and the composition of its Board of Management being drawn from local public and private sector organisations, it is inevitable that transactions will take place with organisations in which a member of the Board of Management may have an interest. All transactions involving organisations in which a member of the Board of Management may have a material interest are conducted at arm's length and in accordance with normal project and procurement procedures.

During the year under review, the College had no transactions with non-public bodies in which a member of the Board of Management has an interest and which, in aggregate, exceeded £5,000 except as disclosed below.

The College had transactions during the year, or worked in partnership with, the following publicly funded or representative bodies in which members of the Board of Management hold, or held, official positions.

<b>Member</b>	<b>Organisation</b>	<b>Position</b>
J. Henderson	Crichton Foundation	Appointed Trustee (Representative of Dumfries and Galloway College)
H. Carr	Dumfries and Galloway Housing Partnership	Director of Finance
K. McGahan	William Waugh & Sons (Builders) Ltd	Joint Managing Director

The Crichton Foundation has previously provided grant funding towards the Henry Duncan building, which forms part of the Crichton Campus. The Crichton Foundation provided grant funding of £10,000 for student support in August 2017 which was fully disbursed to students by the College during 2017-18. In addition, £12,000 was received in July 2018 which relates to funding which will be available to students during 2018-19. Purchase invoices were received from Crichton Foundation of £259 during the year which related to a fundraising event.

The College provided training courses to Dumfries and Galloway Housing Partnership during the year ended 31 July 2018. Invoices to Dumfries and Galloway Housing Partnership amounted to £86,248. No balances were due to the College from Dumfries and Galloway Housing Partnership at 31 July 2018.

The College has engaged William Waugh & Sons (Builders) Ltd for various maintenance works during the period, following tender exercises in line with standard College procurement procedures. Invoices from William Waugh & Sons during the

The members of the Board of Management, other than the Principal, Regional College Chair, and staff members, did not receive any payment from the College other than the reimbursement of travel and subsistence expenses incurred in the course of their duties. Travel expenses reimbursed to seven members of the Board of Management during the year amounted to £1,131.

Remuneration of the Executive Management Team is set out in note 7.

Childcare Fund transactions are included within College Income & Expenditure in accordance with accounts direction from SFC, as the College has more discretion in the manner in which these funds are disbursed.

**2017-18 Accounts direction for Scotland's colleges**

- 1 It is the Scottish Funding Council's direction that colleges comply with the 2015 Statement of Recommended Practice: Accounting for Further and Higher Education (SORP) in preparing their annual report and accounts.
- 2 Colleges must comply with the accounts direction in the preparation of their annual report and accounts in accordance with the Financial Memorandum with the Scottish Funding Council (SFC) or the Regional Strategic Body (for assigned colleges).
- 3 Incorporated colleges are also required to comply with the Government Financial Reporting Manual 2017-18 (FReM) where applicable.
- 4 Incorporated colleges are reminded that they must send two copies of their annual report and accounts to the Auditor General for Scotland by 31 December 2018.
- 5 The annual report and accounts should be signed by the chief executive officer and by the chair, or one other member of the governing body.
- 6 Incorporated colleges should reproduce this Direction as an appendix to the annual report and accounts.
